This website is for those person who are not aware about their city means what is present where

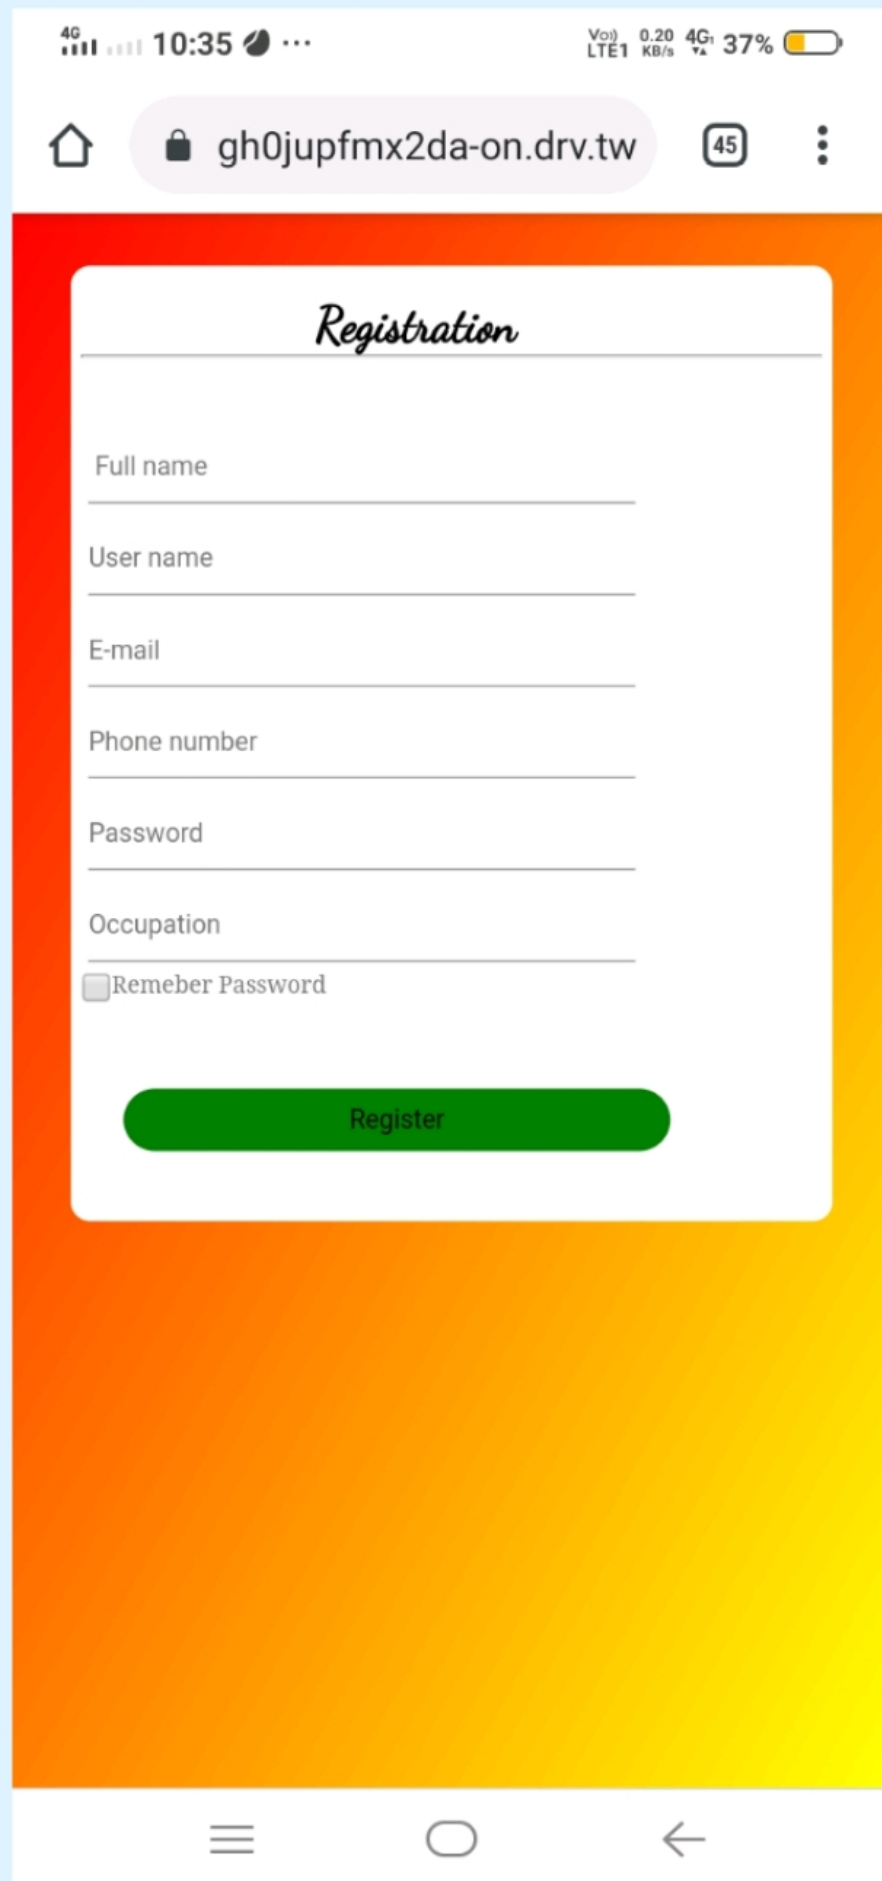

this is the first page containing **register** and **search service**

Register tab for those who want to provide service

search tab for those who want service

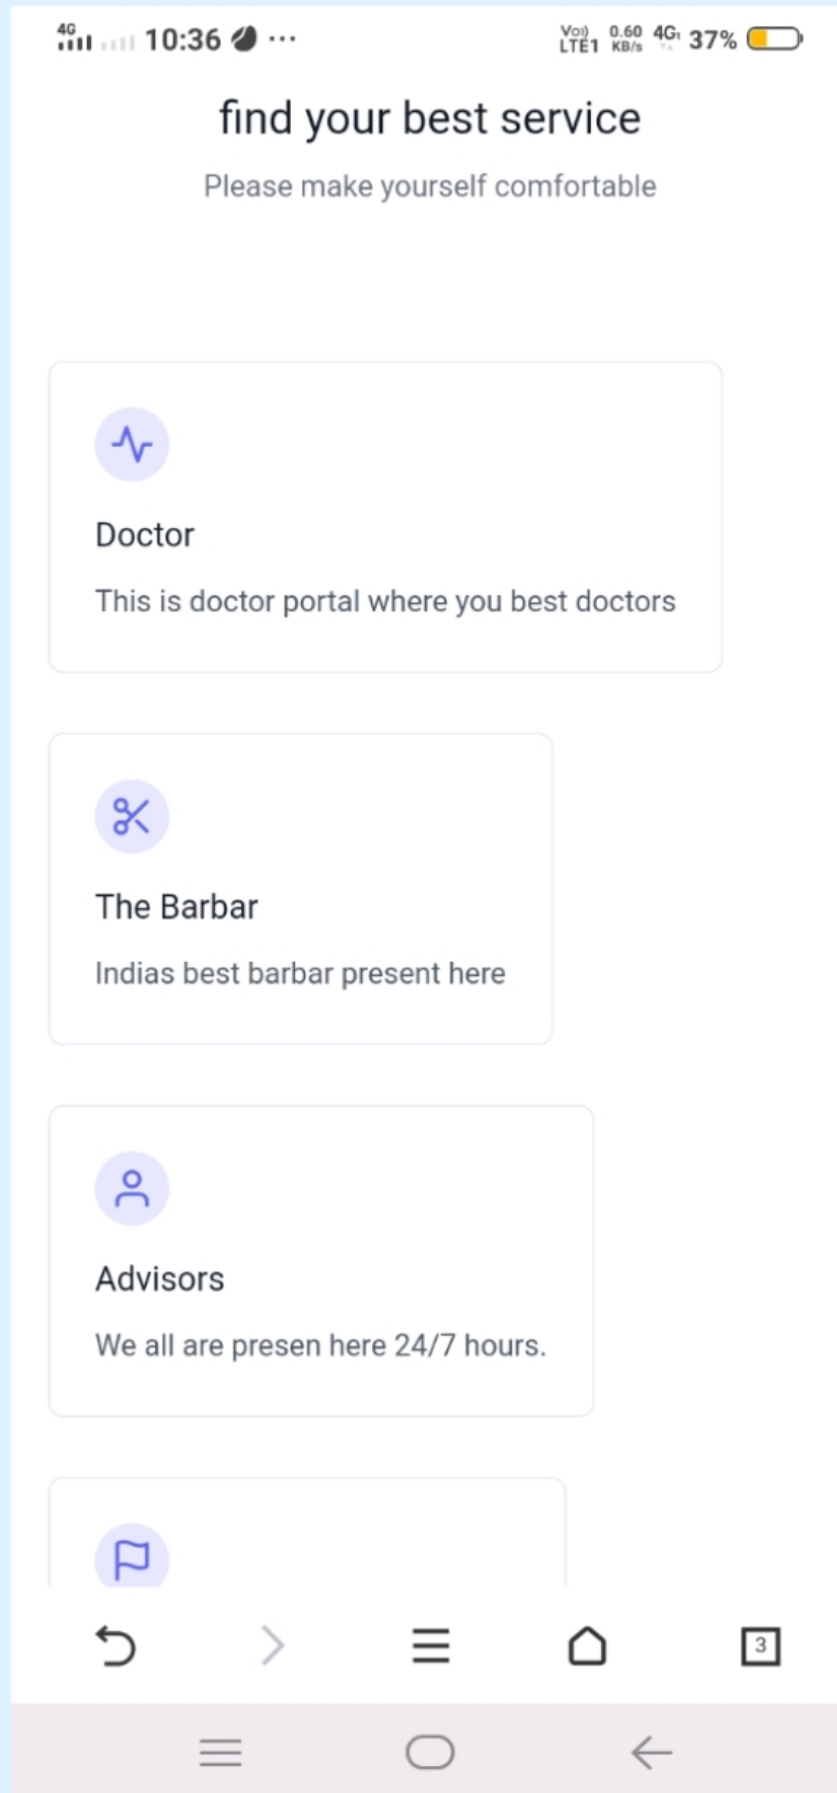

service
search tab for those who want service

A screenshot of a mobile application's registration page. The page has a white background with a red-to-orange gradient border. At the top, there's a status bar with 4G LTE signal, time 10:35, and 37% battery. Below the status bar is a navigation bar with a home icon, a lock icon, the URL 'gh0jupfmx2da-on.drv.tw', a tab indicator '45', and a menu icon. The main content area is titled 'Registration' in a cursive font. It contains several input fields: 'Full name', 'User name', 'E-mail', 'Phone number', 'Password', and 'Occupation'. Below these is a checkbox labeled 'Remeber Password' (note the typo). At the bottom of the form is a green rounded button labeled 'Register'. The bottom of the screen shows a white navigation bar with three icons: a hamburger menu, a circle, and a back arrow.

When someone click on register tab one
will come in this page

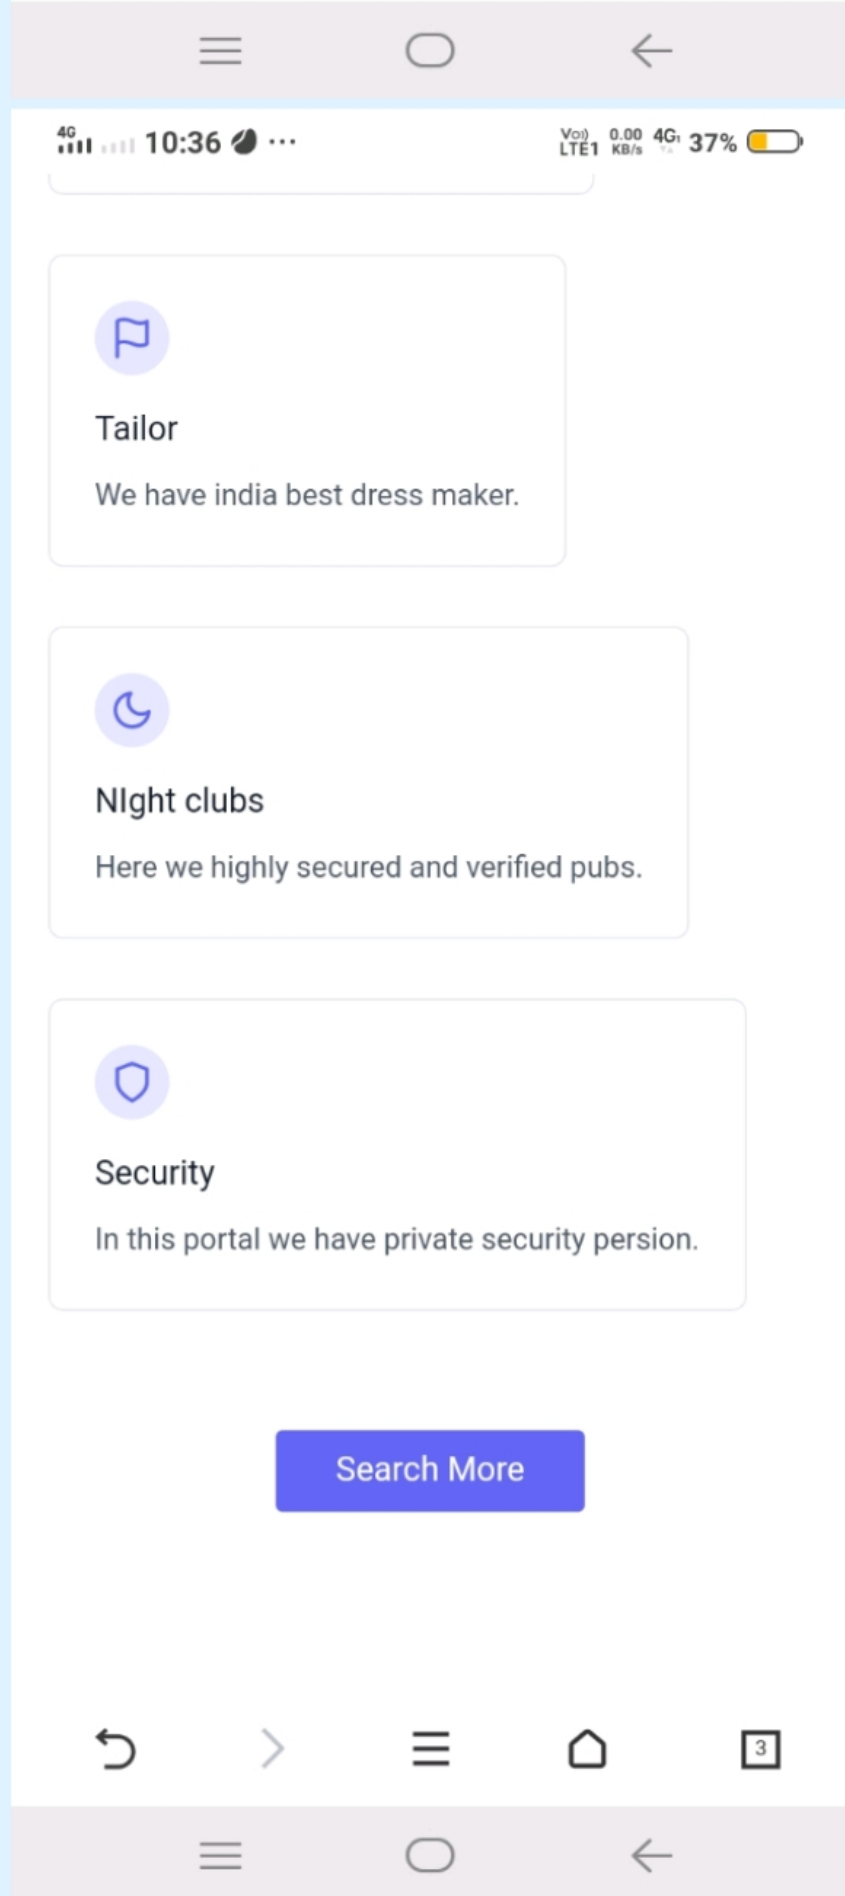

this simple for registration

this simple for registration

4G LTE 10:36 37%

when some one click on search tab one will come in this page

this is containing basic need of person

Note :- Actually this is not complete web because it does not containing the information of registered person

this is just overview page
